

# Maths

## Addition facts

Choose 5 addition facts from the grid on the grid below to practise each day.

Start by practising the green and blue facts first. (adding 0)

Spend 5 minutes each day practising your number bonds to 10 and to 20.

Link to a website for practising your numberbonds:

## One more and one less

Get some raisins, grapes, cereal pieces. Place some on a plate. If the grown up with you says 'one more', add one more and say what number you have now. If they say 'one less', eat one and count how many you have left.

Ask a grown up to give you some toys. Count how many you have. Can you put out another group of toys so you have one more and then one less?

Build a tower with bricks. Can you build another tower with one more brick? Can you build another with one less brick?
