

Home Learning Log

20.04.2020

Our WOW activities will focus on the other areas of learning within our early year's curriculum. These areas are so important, as they help us to grow as a whole, not just helping our brains to grow!

The areas in our learning are:

Personal, Social and Emotional

Communication and Language

Physical Development

Literacy and Mathematics

Understanding our World

Expressive Arts and Design

Understanding our World People and Communities

Currently, we are spending lots of our time at home. Have a think about all of the food that we eat and the rubbish we may have afterwards!

Have a go at looking at the materials of some of your objects – metal, plastic, cardboard, food waste.

Talk about the importance of recycling and the different bins at our home, their colours and what they're used for!

This week I want you to have a go at helping your adult to recycle – collect and sort the cardboard and put it in the blue bin together
(make sure you save some for your next activity)

Expressive Art and Design Junk Modelling!

Using your recycled materials, can you make something creative?

A rocket?

A boat?

An animal?
