#### Sailing Out to Space

I dream of sailing out to space

On a yacht of stars

With port holes all along the side

As I gaze out to Mars.

With mast made strong with spiders web

And sail of fluffy clouds

I'd watch the Earth go sweeping past

As out to space I ploughed

With stars in front and stars behind

And planets far and near

I'd sail my yacht around the rings

Of Saturn with a cheer.

And onwards passing Jupiter

To watch the big red storm

Then far around its outer moons

And through an asteroid swarm.

I dream of sailing out to space

To catch a star or two

Exploring through the universe

And just take in the view.
