Find Phase Two (red books) or Phase Three (green books) on the left hand side of the screen.

**Watch:** Learn to Read – Alphablocks (Youtube)

Using your **RED WORDS** bookmark to help you write down all of the words chalk or paper will do! Then make flash word cards or paper to read.

1. First, review the red words. Say the words

together, then you read on your own! Make a note of which words you know and which words will need additional practice with.

2. Next, pick up a red word card. Read the card out loud then race to place it on the matching red word your adult has written. After placing the card, run back to the stack of red word cards and repeat!

**To extend:** add more words! These can be words that need segmenting and blending to trick further!

**To challenge:** add a timer to make the game more difficult!

Find the **RED WORDS**

Using a piece of paper write lots of words down, some the children can read easily, some that you think will challenge and some red words!

Words you can read – put a circle around them.

Red words you have spotted and can read put a red circle around them.

Words that you don't recognise just yet, leave them and come back to them!

**To challenge:** add new words every day and focus on those words that you didn't recognise at first!
